The WHISTLER® SPOON is forged from solid brass and features a CutSlab™ Macho Minnow® body that erratically tumbles and flashes on the fall. Hollow brass beads clack, clang & clatter while a sonic whistling prop blade lures Walleyes, Perch, Pike & Trout from a wide distance. Available in 6 holographic Baitfish-Image® colors including 4 Super-Glo® patterns. It flashes & flutters to lure fish . . . from a wide radius!
